STALL SETUP

You must bring your own weather protection (ie gazebo/umbrella)/equipment. Due to limited space on the roadway and the need not to block existing retailers, we ask all stallholders to trade out of both sides of their stall. Please indicate if this is a problem for you and we may position you so as not to impede existing retailers:

I cannot trade from both sides of my stall

I declare that all of the information I have provided on this page is correct.
